

# Selection of Sustainability-Related Courses and Modules in 2021/22 at HSG

At the University of St.Gallen, courses at all levels of education integrate sustainability topics. A selection of courses in 2021 and 2022 is presented below. We have grouped them into two categories: First, courses that deal with sustainability as a core topic and second, courses that deal with sustainability as one topic amongst others. Please note that not all courses have taken place in both years / all semesters.
